Third Quarter Summary

Third quarter business volumes, as measured by total revenue carloads, were down slightly compared to 2011. “As we look out over the next several months, the political and financial challenges in the U.S. and abroad have increased economic uncertainty,” Koraleski said. “In this environment, we’ll continue to be agile as we were in the third quarter. We’ll adapt to changing market conditions and leverage our diverse franchise to provide excellent customer service and generate strong returns for our shareholders.”
